Coming Soon: A Showcase for Our Independents

A newly updated version of our popular Indie Maps is currently being printed. These maps highlight Ripon's fantastic independent businesses — from retailers and cafés to attractions and specialist services — giving both locals and visitors the chance to explore, discover and support the city's unique offer.

The maps remain one of our most effective tools for encouraging footfall and spreading visitor spend across the city centre.

Showcasing Ripon's World Class Attractions to the Mayor of York & North Yorkshire

Last month, Ripon BID was delighted to welcome David Skaith, Mayor of York & North Yorkshire, for a focused tour of some of the city's leading attractions — each a major employer, investor and driver of our visitor economy.

BID Manager Lilla Bathurst accompanied the Mayor and coordinated the visit on behalf of the Visit Ripon group.

The tour included:

- **Lightwater Valley**
Now under the Mellors Group, the park is benefitting from significant investment to refresh rides, improve facilities and strengthen its family focused offer. As one of the area's largest seasonal employers, it plays a vital role in supporting local jobs.

- **Ripon Museums**
At the Workhouse Museum, the Mayor heard about the £3.3m Fairer Futures project, enhancing accessibility, interpretation and community engagement across all three sites - securing long term sustainability and supporting staff and volunteers.

- **Fountains Abbey & Studley Royal**
We explored the Studley Revealed project - a £4.6m investment that will transform a busy area of the water garden with a more accessible café (increasing seating from 54 to 60), a new admission point and improved toilets.

- **Ripon Races**
The racecourse highlighted its role as a key economic asset - from race days to year round events, venue hire and the recent Downton Abbey filming.

- **Newby Hall**
As one of the region's most important historic houses, Newby Hall continues to invest in its visitor offer, including the new glass marquee and expanded opportunities for local enterprises.

Ripon is fortunate to have such a diverse and ambitious group of attractions - all investing, all employing local people, and all contributing to the cultural and economic vibrancy of our city.

Time didn't allow visits to other major attractions including The Old Deanery, Ripon Cathedral, the Prison & Police and Courthouse Museums, Himalayan Gardens, Markenfield Hall, the Canal Basin and Grantley Hall - all vital to Ripon's visitor offer and employment landscape.

David Skaith said in a letter to BID manager Lilla Bathurst:

"Thank you for organising such a comprehensive and interesting visit to take in just some of Ripon's many attractions. You're doing a brilliant job and I'm glad we've been able to support your work to showcase and improve Ripon."

Ripon Voted Yorkshire's Top Market Destination

Ripon has been voted Yorkshire's top market town to visit and placed second in a UK top ten league table.

The vote, made by customers of Lancashire based coach company Bullocks, puts Ripon ahead of York and Skipton - a fantastic endorsement for our Thursday market and the businesses that benefit from the increased footfall.

BID Manager Lilla Bathurst told Rejoicing in Ripon:

"This is another fine feather in the city's cap... a further boost for our independent retailers and hospitality businesses."

Bullocks highlighted Ripon's unique market experience, the historic Hornblower ceremony, and the wealth of attractions, shops and walks that make Ripon "a proper Yorkshire gem".
